

ATHENS GREECE

18-21 SEPTEMBER 2024

SPONSOR & EXHIBITOR INFORMATION BROCHURE

Congress hosted by the:
European College of Veterinary Diagnostic Imaging
& European Association of Veterinary Diagnostic Imaging

WELCOME

Dear potential sponsor or exhibitor,

Greetings from Athens!

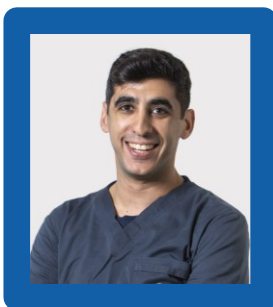

We are honoured to invite you to act as sponsors for the 2024 EVDI Annual Meeting and to exhibit your company. The meeting will take place in Athens, Greece from the 18th to the 21st of September and represents the largest gathering of members of the veterinary diagnostic imaging community in Europe. During the congress we will maximise every opportunity to provide an interactive discussion between radiologists and other specialists (internal medicine, neurology, oncology, exotics, etc).

Included in this brochure are details of available exhibition and sponsorship packages. Individualised plans are available on request, and we would be very happy to discuss any ideas you may have.

Here are some exciting facts about the 2024 Congress:

- Sunny Athens is one of the most historical cities in Europe, offering a unique mixture of history, culture, and gastronomy.
- The congress will be family friendly. It will be hosted in a hotel by the sea, giving the chance to combine our annual scientific meeting with sports and leisure activities.
- During the congress colleagues will find the opportunity to join an artistic and athletic experience.
- The social program will be guided by Greek hospitality, including dancing, singing, and tasting the renowned Greek cuisine with your family and friends.
- Dual speaker sessions during the congress will provide an interactive presentation of the novel diagnostic imaging techniques and their clinical impact.
- Previous congresses have attracted over than 400 participants providing an exceptional market opportunity for your company.

We look forward to hearing from you.

Dr. Ioannis Panopoulos
Chair of the Local Organizing Committee

Ms. Alison Major
EVDI Conference Director

OPPORTUNITIES

This congress is sure to be a major event in the Veterinary Diagnostic Imaging calendar and its programme will feature some of the world's top specialists in veterinary imaging. In addition to helping veterinary clinicians deal with the complex nature of veterinary imaging, the congress will also inform participants on evolving research and offer insights into future developments.

Pre-congress resident day

On the 18th of September, there is a pre-congress residents' day which is run by the ECVDI RIVDI Committee. This event is always extremely popular, and encourages many residents to attend the congress, giving you as sponsors an excellent opportunity to connect with the diagnostic imaging specialists of the future.

Based on the success of our recent meetings the congress will present a multi-tiered lecture programme:

- The main stream comprises keynote and masterclass lectures.
- Other streams aim to promote abstract sessions discussing the latest advances in veterinary imaging subspecialist interests, and include a programme composed by the EAVDI aimed at a non-specialist audience, as well as content centered around large animal imaging topics and radiation oncology.

The commercial exhibition featuring new products and services is always prominent in the programme. The venue has been chosen with particular attention to the needs of our sponsors based on previous feedback. The exhibition space is completely integrated within the lunch and break space and poster exhibition, ensuring maximal contact time of congress participants with exhibitors.

TARGET AUDIENCE

For the upcoming EVDI Congress we expect at least 350 participants, travelling from more than twenty different countries all over Europe and the rest of the world. We aim to attract not only diagnostic imaging specialists and specialists-in-training, but to appeal to non-specialists with an interest in imaging.

COMMITTEES

EVDI 2024 Local Organizing Committee

TERMS & CONDITIONS

1. Sponsors are requested that additional 'corporate events' are not organised to conflict with Congress Socials' (Wednesday evening, Thursday afternoon/early evening (without dinner), Saturday evening). If there is a desire to organise additional events outwith this period, please contact the organising committee or l.lauvenberg@pauwelspc.nl
2. Sponsors wishing to sponsor multiple items should discuss this with the conference secretariat to confirm availability.
3. The stand fees **do not** include the costs of stand building, carpeting, electricity and individual other stand-related costs.
4. Each exhibiting company must have badges for all their attending representatives.
5. Payment is due 30 days after receipt of the invoice, and in any event paid prior to Congress. Payments that have not been received prior to congress may lead to delay in your company accessing the exhibition.
6. The congress is liable to meet the local and European VAT regulations. In case of a change in the VAT rates, this will be charged as well.
7. Force majeure: If due to war, strikes, industrial action short of a strike, import or export embargo, lockouts, accidents, fire, blockade, flood, natural catastrophes, pandemics and epidemics or other obstacles over which the PARTY has no control the PARTY shall not be held responsible for any loss or damage which may be incurred as a result of such failure. Should the event of force majeure continue for longer than one month, the PARTY adversely affected shall have the option of terminating this agreement immediately without further liability.

FURTHER CONTACT

Please feel free to contact the conference secretariat Lahdy Lauvenberg (sponsors@evdi-congress.eu) for all additional questions and/or to discuss the possibility of future collaboration.

The world of veterinary diagnostic imaging is rapidly evolving. Our Congress ([EVDI](#)), Society ([EAVDI](#)) and College ([ECVDI](#)) may be excellent partners for your company on an exciting trip in this largely undiscovered world.
